### *About Us*

Valde Fine Homes, LLC is the premier construction solution in Eugene, Oregon. We provide unsurpassed quality and craftsmanship to each home we build. By using experienced contractors and high quality materials, we are confident that together we can collaborate for the home you've always wanted.

Valde Fine Homes, LCC's Managing Principal, **Brad Young**, graduated cum laude from Oregon State University with a Bachelor of Science in Civil Engineering. His expansive knowledge of structural, geotechnical, hydrology and engineering fundamentals allowed him to quickly excel in his field. Young's experience includes 9 years work as an estimator project manager for one of the largest bridge builders and mechanical contractors in the nation. Young applies his extensive background in theory, construction practices, estimating and project management to every home he builds.
